**Rocket Science K-1-2 at South East and West**
Hello! My name is Mrs. Tina Easterly and I will be working with your student(s) to develop their curiosity into the world around them and how it works according to science I have been with Kelloggsville for 28 years now. I spent 27 of those years teaching science at the high school, mostly Biology and Anatomy-Physiology. I am looking forward to working with the curiosity, energy and enthusiasm of the elementary. If you have questions, I can be reached by email at teasterly@kvilleps.org.

**Parent Teacher Conferences:**
Conferences will be held on Thursday, October 7th and Wednesday, October 13th. This is a perfect time to catch up with your child's teacher and find out how your child is doing and where improvements can be made. Please arrive a few minutes early for your appointment. If you are unable to attend for and reason, please call the office to reschedule.

**Strive for less than 5:**
Strive for less than 5 is our district-wide attendance campaign aimed at increasing attendance within all our schools. It means to try to have no more than five absences for any reason throughout the school year. As a school, we are going to put a huge emphasis on good attendance for all students every day. This includes coming to school and class on time. Reliable attendance is a key habit for success and we want all of our students to be successful.
More days in school means more learning and more success for our students.
