August 5, 2021

We are excited and looking forward to kicking off the 2021/22 school year. After meeting with the Kent County Health Department and area superintendents, we wanted to provide you with our plan for COVID-19 this school year.

**What are my child's learning options?**

- In-person instruction for all PreK-12 students, or Kelloggsville Virtual School.
- Kelloggsville Virtual School (KVS) is an independent learning program utilizing an online platform that will be offered to students in grades K-12. All other programming for K-12 students will be 100% in-person. Go to <https://www.kvilleps.org/schools/virtual/> for further information.

**Will face coverings be required?**

- Following CDC guidelines, they recommend students/staff wear face coverings while indoors. Masks **will be required** for students while riding the bus. Masks will be provided to those that need them.

**Will students be distanced in the classroom?**

- We will distance to the extent possible in all of our settings.

**Will there be COVID restrictions on elementary playgrounds?**

- Playground activities for elementary students will return to normal.

**Will elementary students have elective classes?**

- Yes, all classes will resume as normal.

**Will there be gatherings at school for concerts, assemblies, athletics or special events?**

- Gatherings will be evaluated on a case-by-case basis for health and safety.

**Will there be possible quarantines and contact tracing?**

- Yes, this will be done by the health department.
- We will follow state and federal orders and/or mandates.

**Will my child be required to get the COVID-19 vaccine?**

- No, the COVID-19 vaccine is not required in Michigan.
- Parents of students ages 12 and up should discuss options with their doctor or health care provider.

**Will athletes be required to test for COVID-19 in order to play?**

- There are no current policies requiring students to test in order to play sports in Michigan.
- The district will follow any public health orders from the Michigan Department of Health and Human Services or policies from the Michigan High School Athletic Association (MHSAA).

**What other steps will the district take to ensure a safe learning environment?**

- Increased ventilation and air exchanges will occur in all schools where possible.
- Sanitizing stations will continue to be in place in all buildings.
- Nightly cleaning utilizing EPA-approved cleaning products to reduce the spread of COVID-19.
- Bottle filling stations in every building to ensure students stay hydrated.
- School nursing services will continue to be provided throughout the district.

Should the district receive any public health orders, adjustments to the plan may be necessary.

Sincerely,

Kelloggsville Administration Team
