---

Dear Parents,

Kelloggsville Virtual School is a public school using an innovative educational model to provide your child with the best education possible. Kelloggsville Virtual School is available to all Kent and neighboring county residents, our unique educational approach allows us to tailor an education that is specific to the needs of our students.

Kelloggsville Virtual School uses our teachers and curriculum maps to deliver content digitally to your child. We have two models to meet the needs of different age levels at Kelloggsville Public Schools. KVS offers elementary students and their families virtual learning sessions, in person academic sessions, and individualized learning time on their own daily. The elementary program offers a consistent curriculum with in person scheduled sessions that maintains flexibility for families that need it. Secondary students are offered a rigorous, content-rich curriculum using a combination of APEX learning and teacher-created materials to meet or exceed state standards across all subject areas. All students in both programs will demonstrate their knowledge and growth through state standardized tests.

By enrolling in our school, you are partnering with a team of knowledgeable and experienced educators. Michigan certified teachers work with you in monitoring student progress, attendance, and content mastery while providing professional insight, instruction, and support. All of our staff work daily within Kelloggsville Public Schools and are easily accessible. Our administrative staff is committed to the success of every child in the program.

We are excited for the future of KVS and the promise of involved parents, our community, and staff support system. Not only are we proud of our school, but we also believe it is a profoundly good choice for families who are interested in a quality curriculum, a flexible learning schedule, and opportunities to become actively involved.

At Kelloggsville Virtual School, we know that choosing the right educational setting for your child is not a decision to be taken lightly. We encourage you to learn more about our program and how it may benefit your child. Our dedicated staff is here to assist you as you go through this exciting endeavor. On behalf of all of us here at Kelloggsville Virtual School, we hope to welcome you soon to our school community.

Sincerely,

A handwritten signature in black ink that reads "Beth A. Taylor". The signature is written in a cursive, flowing style.
